Having jumped into the fantasy land of Luster, Cara joins Lightfoot the unicorn in the search for Queen Arabella Skydancer.

The captivating first volume of the million-copy-selling UNICORN CHRONICLES is finally available as an ebook!The print version has over 6,500 5 Star reviews on Good Reads.Review from Booklist: "In the first volume of The Unicorn Chronicles, 11-year-old Cara narrowly escapes being captured on Earth by "leaping" to Luster, the land of the unicorns, only to find that she is being pursued there as well. Aided by a Lightfoot, a teenage unicorn, by bearlike Dimblethum, and by silly Squijim, Cara makes her way to the Unicorn Queen to deliver a mysterious message from her grandmother. On the journey she learns how her family and the unicorns are entwined and earns the favor of a powerful dragon. Coville weaves traditional unicorn myths into his light, accessible fantasy and provides a neatly contrived ending that hints at the next adventure. Although lots of questions are left unanswered, middle-grade unicorn lovers and fantasy fans won't mind: they'll eagerly await a sequel."This is the first volume of a series that grows more intense, detailed, and somewhat darker as it goes on. New mysteries arise, new secrets are revealed, as the story thunders on toward its stunning climax.

A spectacular treehouse suspended above a lush forest. A cozy cabin perched on a mountainside. A small farm growing heirloom vegetables in the high desert. These are the extraordinary stories of the modern-day back-to-the-land-movement, a movement that embraces slow living, sustainability, and the value of doing things with your own two hands. Here are remarkable narratives, essential how-tos, and hundreds of breathtaking photographs from people who have embraced lives of adventure in wild places. Delivered in a handsome volume that inspires feelings of wanderlust, this book is a must-have for outdoor enthusiasts and anyone who has ever dreamed of escaping to a simpler way of life.

The so-called first war of the twenty-first century actually began more than 2,300 years ago when Alexander the Great led his army into what is now a sprawling ruin in northern Afghanistan. Frank L. Holt vividly recounts Alexander's invasion of ancient Bactria, situating in a broader historical perspective America's war in Afghanistan.

KILL THE BEAST, JOHN KILL IT - Meet twelve-year-old John Greber, who describes the dark clouds of daily life he, his mother, Ellie, and six-year-old sister, Marny, live under. The fear and loathing that exist within a home ruled by the iron fist of an abusive father is established on the very first page. It is impossible not to feel, in the pit of your stomach, the inevitable onslaught of catastrophe. John's beast of a father is unpredictable and dangerous. He takes the storybook villain to a whole new level of greed and ignorance. The beast finally goes too far when he disappears, taking Marny with him. The search for her leads John and Ellie into the Land, a place they couldn't have imagined in their wildest dreams. (Think of Candyland crossed with Gregory Maguire's vision of Oz and you'll have something of an idea.) Allen skillfully combines the everyday world with the fantastic, a seemingly seamless combination which reminds the reader of the very best of fantasy novels. Yet, after all of the tragedies and triumphs are said and done, Goneaway, Into the Land, will leave you with a feeling of hope and a yearning for more. The Times (London) The warrior-king Gilgamesh"part man, part god" is not only larger than life; he is larger than death. Trapped in the Afterworld, a bizarre reality in which everyone who has ever died lives again . . . only to die again and again in endless succession, Gilgamesh sets out to find his lost friend Enkidu and fight his way back to the land of the living. Along the way, he encounters a rogue's gallery of figures from history, literature, and mythincluding H. P. Lovecraft and Robert E. Howardand travels from the ancient city of Uruk to modern-day Manhattan. But the Afterworld is not so easily escaped.

When my husband and I left India in 1991, we boarded the flight to Singapore with two suitcases and a bag. We planned to be back in two years. The two years have stretched to over twenty years and, now, even when I travel for two weeks with my family which has doubled its numbers, I need four suitcases, four bag packs and a cabin luggage. I do not know when we will return but I do know that I am richer for all the experiences I have had over the years. My children are fortunate to have friends from all over the world and a wide variety of experiences. Everyday I thank God for the blessings he has showered on us and for the fantastic future which is sure to unfold before us.
